Foreword

To keep alive forever that infinite and indefinable spirit of Sherman High School which we find reflected in the ideals and achievements of the sons and daughters of Sherman High — — this is our aim.

Dedication

To the Spirit of Sherman High School, that pervades and strengthens all our high school days, that has made us honored and respected, that will leave its stamp on every student and help to make us the kind of citizens we shall become, we dedicate this, our book, the thirteenth volume of the Athenian

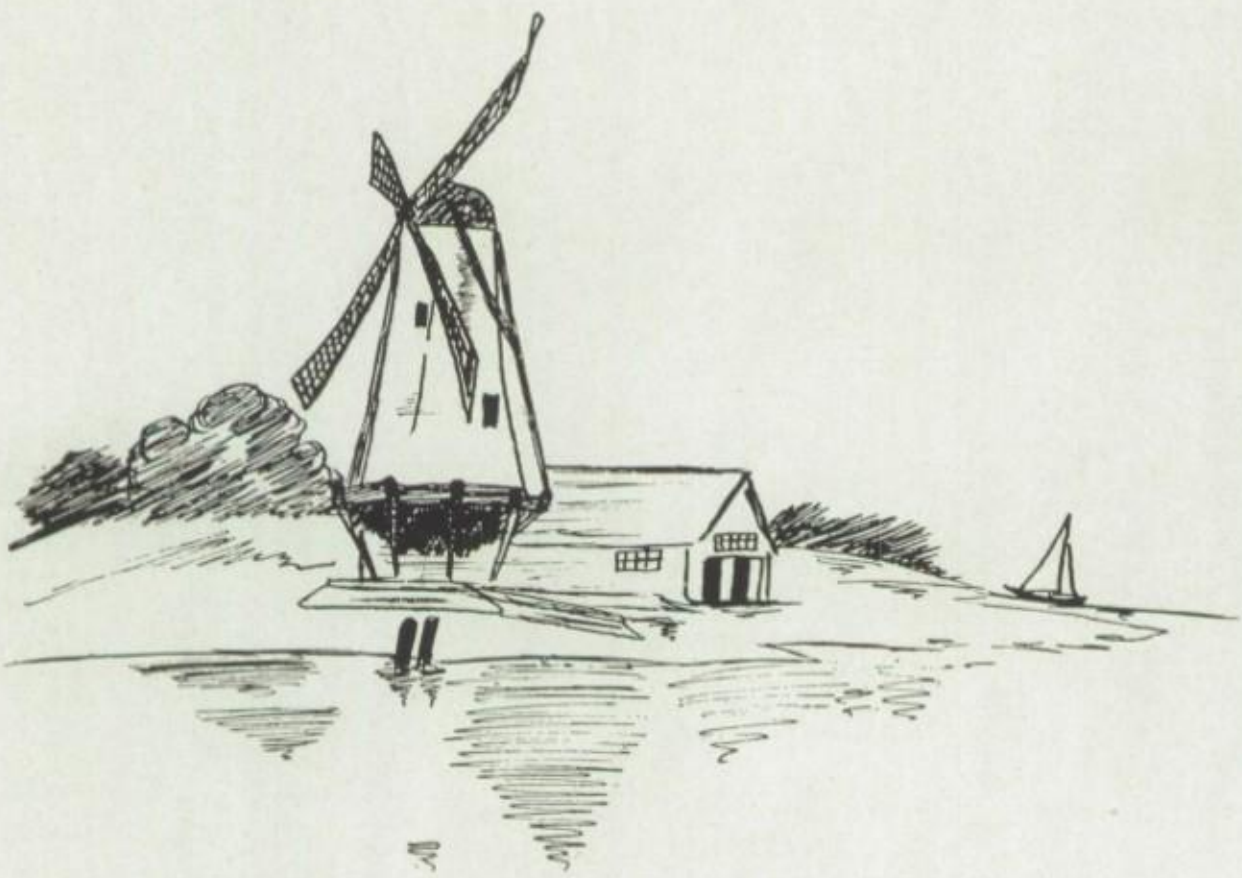
THE SCHOOL

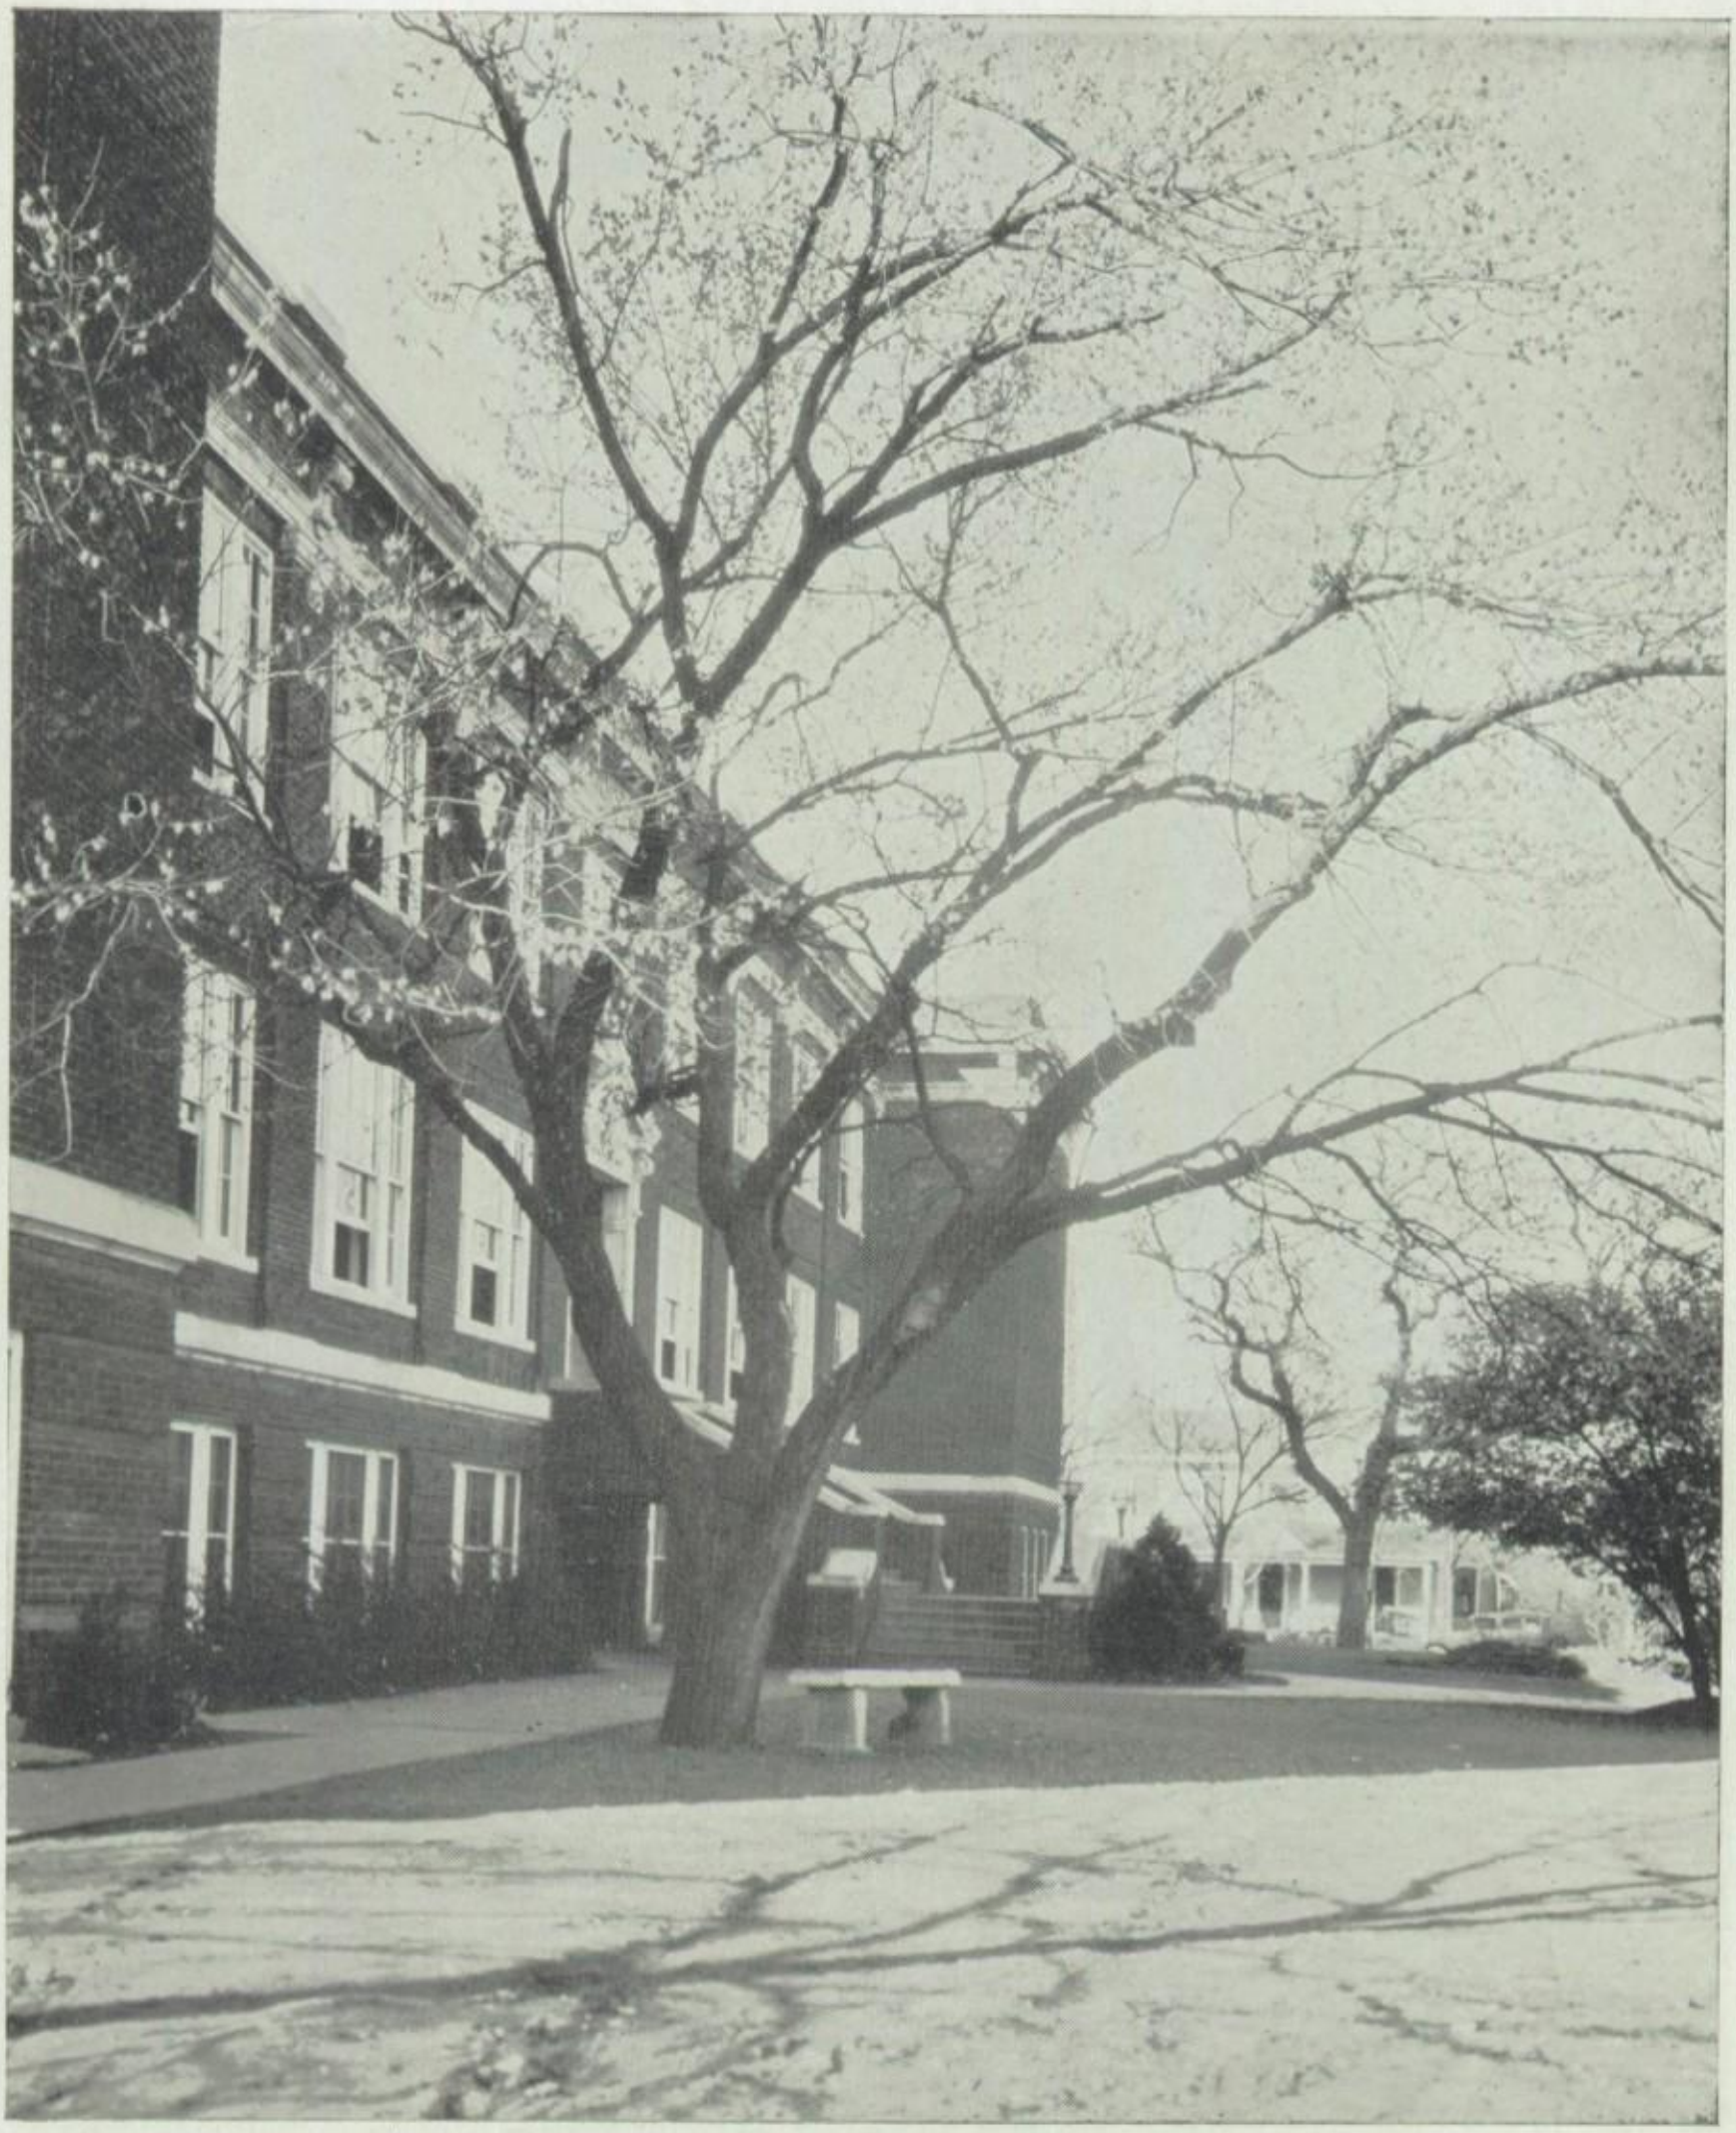


SPIRIT OF SHERMAN HIGH

The old, stone steps, with the lion's head,
The trees and the old stone walls,
The love, and the laughter, and the life,
That we knew in those rugged halls,
Through all of your life in the after years,
Through tears and through laughter too,
Your heart will expand with pride and pray—
"Sherman High—may God bless you."

The old, stone steps may crumble down,
And the lion's iron head may rust,
And all the walls will tumble down,
The cornerstone may turn to dust.
Still wrinkled by Time, and Age's grey,
The thought will thrill, through and through,
You will lift your head and proudly say—
"Sherman High—may God bless you"

—BRUCE HANNA.



THE SCHOOL BOARD OF SHERMAN HIGH SCHOOL

We dedicate this page to the members of the School Board of Sherman Public Schools in appreciation of the many things they have done for us:

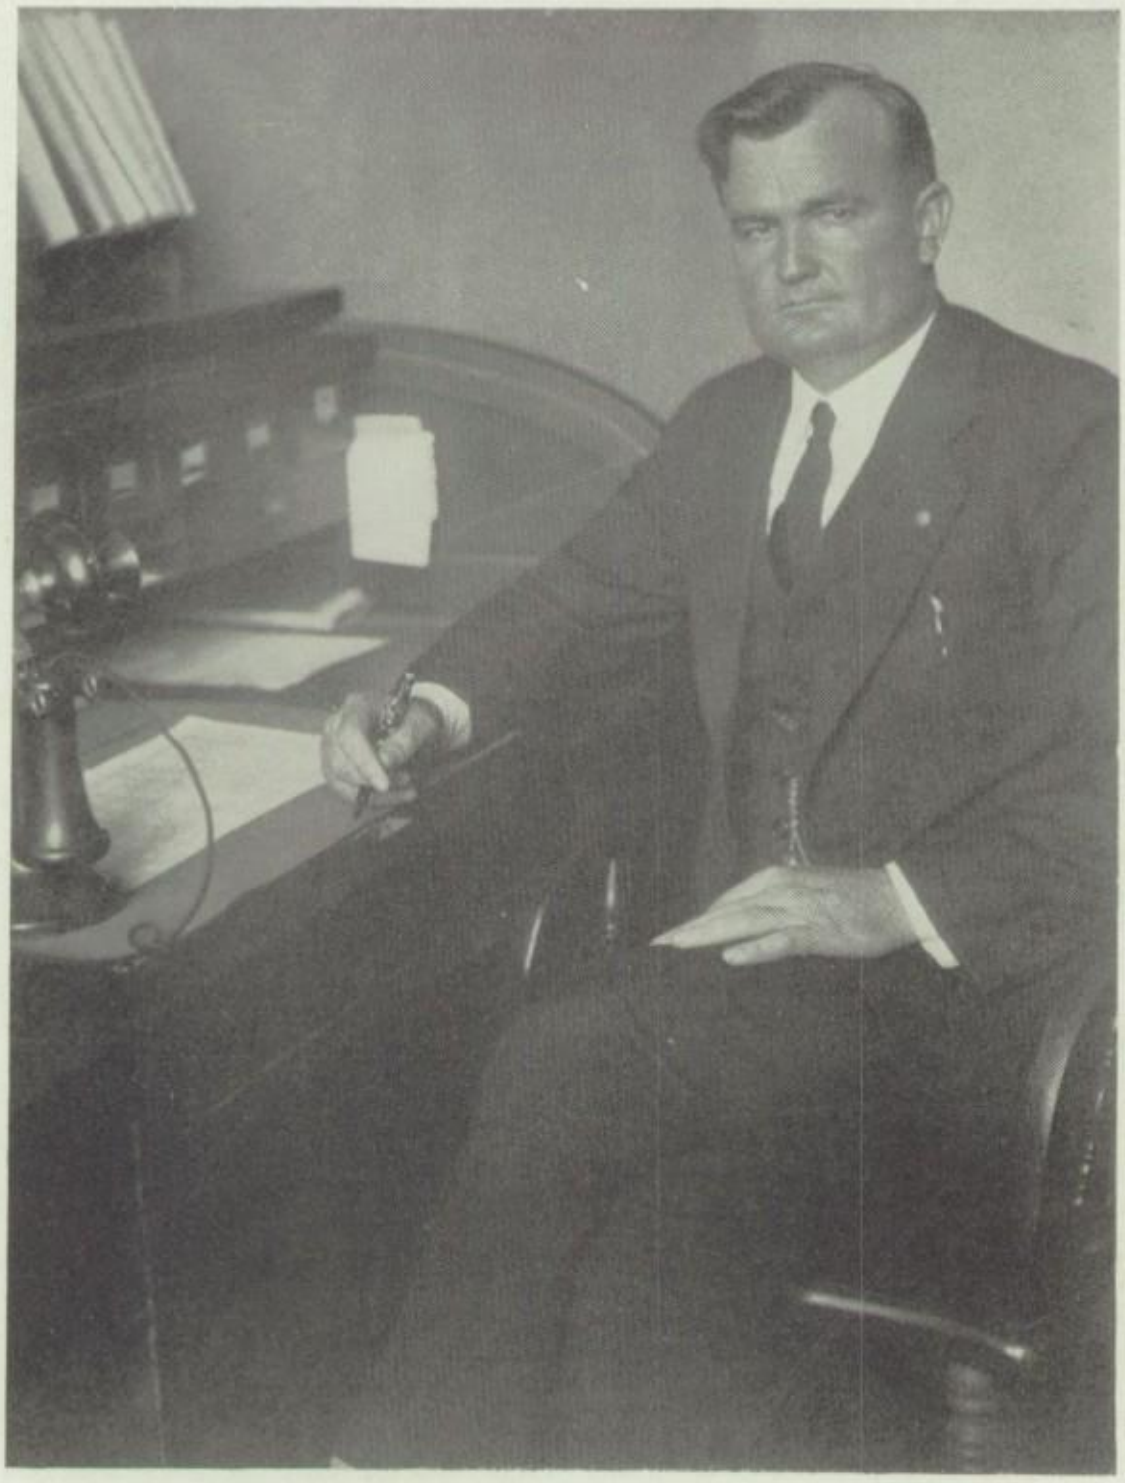
MR. L. T. COOK, Our Superintendent

To one who has proven his ability as a leader, his value as a counsellor, his brilliance and competence as an instructor, his intelligence and wit as a speaker, his worth as a friend of every student of Sherman High, his strict belief for right principles and fair play, and in short, his invaluable service as the guiding factor of the Sherman school system, do we loving dedicate this page and pledge our loyalty.



MR. R. L. SPEER, Our Principal

To one, who in this one year he has been with us, has won the respect and love of the student body, and has shown that he is the champion of the Seniors, the friend of the Juniors, the adviser of the Sophomores; and who has been the unselfish, capable leader of the faculty and advocate of the spirit of democracy and development in Sherman High School, we fondly dedicate this page and pledge our support.

TO OUR DEAR FACULTY

To pay respects to teachers, dear,
I know not what to say,
My brain is in a terrible whirl,
This long and tiresome day.

When I glance back to Sophomore days,
Miss Farlow pops in mind,
And then the notebooks follow that,
Which we learned line by line.

And there's Miss Boyd, a friend indeed,
The Latin boneheads are her task,
And there comes Governor Moody, saying,
"I don't care if you flunk or pass."

Dear Miss Sanford call us warts,
And shoves us into our class,
And Mr. Hill, he calls us down
When through the halls we pass.

And Mr. "Mac," he makes us spell,
He teaches us fine arts,
And all the others tell us how
We "ain't" so very smart.

We love our dear, kind principal,
And Mr. Cook as well,
But the one I like best of all—
Is our "gracious" friend, "the bell."

—THELMA SPARKMAN, '30.

CLASSES

SENIORS

SENIOR CLASS HISTORY

The class of 1930 entered Sherman High School in the fall of 1926 and have reached the first milestone of our long journey.

The class, as a whole, has contributed to many different phases of school life under the leadership of Mr. R. T. Smith, sponsor and Hunter Loftin, president. The school declaimer was chosen from our ranks; the class organized the Greenhorn Society, and also participated in many other activities. We think this was quite a great deal for the Freshmen class to accomplish.

As Sophomores, led by Mr. Tommy Holt and J. D. Cope, our work was carried on diligently. On April 16, the Sophomore edition of the Hi-Talk was published. The class was largely represented in many clubs. Not content with work alone, the class enjoyed the many socials that were held throughout the year.

In the Junior year, guided by Mr. Ratliff and Julia Grinnell, we soared to unknown heights. A Junior was chosen most representative girl of 1929; two students were successful in the Latin Tournament, and another in the Essay Contest. "The Junior Jesters," under the clever supervision of Mr. Otis McBride, was an overwhelming success. The class also contributed many football and basketball players. As Juniors, we were always ready to support activities in every way possible.

The "Year of all years!" Last, but not least, the Senior year has been one of joy and achievements. This is due to the untiring efforts of Frank Jones, Mr. Otis McBride, and Mr. Speer. The class wishes to thank them for their faithfulness and cooperation.

Soon, the class of 1930 will be a thing of the past. We realize we have had our faults and shortcomings, and as Shakespeare said, "What is done is done, and can not be undone."

Long may the class of 1930 be remembered as one of many accomplishments!

JUNIOR CLASS HISTORY

When, as Freshmen, we came to high school, we thought of course that we knew everything, and that we would soon show them what was what "up there." But, after we lost our superior air, we began to show unusual qualities. We were the first Freshmen class to have its own pep leaders. We took an active part in all the school activities. Two of our number made the boys' debating team. Also both of the declaimers hailed from the Freshman class. Several Freshmen went out for track and athletics and at the end of the year we felt that we had as many honors to our credit as any other class in high school.

During our Sophomore year we did even better. Members of our class represented the school in girls' and boys' debate, in girls' declamation, in girls' tennis doubles and singles; two boys won for us the first place in the District Latin Tournament.

Our crowning glory has come to us this year. It is true that what we did during our first two years was only expected of upper classmen. This year, however, we have competed with the Seniors and have wrested many honors from them. At the end of the beauty and popularity contest it was seen that we had won highest honors for two of our contestants, much to the chagrin of the Seniors. The school this year is represented by a Junior girl declaimer, Junior tennis players in girls' singles and doubles, Junior boys and girls in debate, and a number of our class did creditable work in football. Although the finals have not been held in several Interscholastic League Contests, we expect to win other honors.

The class of '31 will have hard work to keep with the standard they have set themselves, but we know they are fully capable of doing so.

SOFIS

SOPHOMORE HISTORY

Everyone is a Freshman before he goes on in high school. Last year, we Sophomores of the class of '32 were Freshmen. No more, however, shall we be classed as such. Edward Streun was president; Marshall Elmore, vice-president; Charles Burns, secretary-treasurer; Miss Dorothy Speer, sponsor. They gave us a fine example of how a class should be managed.

Our first year was of getting used to high school, but soon after our entrance, we showed our loyalty and class spirit by issuing stickers for football games, holding class meetings, supporting our class candidates, and having a picnic—in short, taking our place in the life of our beloved Sherman High School.

This year, a month after school began, we met and elected Harry Kolb president of the class; Lora Evelyn Crutchfield, vice-president; Margaret Binkley, secretary-treasurer; with Miss Grace McKown, sponsor. We have had several meetings, and when the Coronation Ceremony of the High School drew near we elected Ruth French princess of the Sophomore class.

The Sophomores are represented in dear old Sherman High School on the football team, basketball, debate, and track. We have proved loyal by issuing two sets of stickers during the football season.

We are certain that the day will arrive when our school will be proud to claim us, the class of '32, as its own.

FRESHMAN CLASS HISTORY

After the last pupil wandered out of old Sherman High carrying an armful of books on September 10, 1930, it found itself better for the day's work. A new class had entered the school of which it would be proud in the coming years. This Freshman class was the last to come from Junior High, and has been the second largest in school.

Early in the year we held our first class meeting and showed our excellent judgment in selecting Franklin Morris, president; Fay Delle Slaughter, vice-president; and Mike Key, secretary. Mrs. Porter Travis has made us an efficient sponsor by her good advice and continual guidance in our various undertakings. More than one-third of the honor roll listed Freshmen, and as home groups and in individual honor students, they have ranked among the highest in scholarship. The youngest member of the debating team was our hard-working, faithful president, whom we trust will, in a year or two, bring home the state honors. The Freshman edition of the Hi-Talk with Robert Evans, editor, and Nina Evelyn Cole, literary editor, assisted by several capable workers, proved one of the best papers of the year.

The class has also been well represented in the extracurricular activities. Freshmen were members of the Choral Club, and of the High School Band, whose young director, George Smith, was a Freshman. The Bearcats found among our class Jack Sandell, one of the dependable lettermen. At the Coronation of the school queen, our class was charmingly represented by Fayrene Knight, princess, and Frances Smith, duchess.

With the spirit of co-operation, loyalty, and enthusiasm that our class has manifested as Freshmen, we trust to climb steadily upward, during the next three years, with many worthwhile achievements for ourselves and our beloved high school.

—Nancy Byrd Crutchfield.

THE HI-TALK

Throughout the year, it has been the purpose of the staff of the 1930 Hi-Talk to co-operate with every organization of our school, and to publish an interesting paper.

The six-column, four-page edition is just one of the progressive steps taken by the Hi-Talk. The circulation was likewise increased from two hundred fifty to five hundred. Thus the Hi-Talk is better recognized as one of the best High School papers of Texas.

The Hi-Talk is a member of the Central Interscholastic Press Association and the Texas High School Press Association. A delegation composed of Hunter Loftin, editor; Billy Van de Mark, business manager; Ballard Jared, associate editor; and Miss Clara Jo Brown, assistant sponsor, attended the T. H. S. THE ATHENIAN

It's not easy to make a book. When you have worked all day on English, and Latin, it is rather hard to settle down in a stuffy little office to mount pictures, smear rubber cement, and work until the sun sinks into the horizon and those powerful little pangs of hunger begin gnawing, and you remember you have not eaten since noon, and Mother has promised to make Brown Betty pudding. Yet, the glimmer of creating a book is great.

Compiling, editing, publishing, selling, and distributing the Sherman High School annual is an immense co-operative project of students and faculty. Our annual is not a staff production; it is not a book of representatives, but a slice of school life, democratic as far as it is humanly possible to be.

PEP SQUAD

Quiet, deep approval may be all right—maybe, but it's simply terrible on the football field. To reassure a football team of student support, noisy appreciation is what makes OK "Oll Korrect," but said clamor must be organized, else it will be a vocal demonstration a la Heinz.

This Pep Squad is a machine which manufactures encouragement in the form of yells. Better Pep Squad work cannot be boasted of by any of the schools Sherman High has ever met on the gridiron. At every game there appeared a delegation putting over with great fervor:

Red and white, red and white,
Sherman High School, fight, fight, fight!

HI-Y

The year 1929-30 has been a banner year for the Hi-Y Club. Success is due to Mr. Hilliard, who succeeded putting forth every effort to bring the club forward.

A Hi-Y extension group was organized with its purpose to extend throughout the community the meaning and importance of service. This group was composed of members of the club. The speakers were aided by musicians and artists. The group visited the various churches over Grayson and Denton Counties.

Mr. Hilliard, sponsor, with several delegates, represented the club at the Older Boys' Conference held at Waco, Feb. 7, 8, 9. The theme of the conference was "choosing one's life work." Dick Sanders was elected vice-president for the 1931 conference.

THE HONOR SOCIETY

Since this society was organized, the name itself has meant much to members and outsiders alike. This year it was changed to the Honor Society, from the old name of Scholarship. A thorough reorganization, under a constitution, was accomplished through the efforts of Miss Mary Boyd.

There have been well-worked-out programs for enjoyment and education. There have been meetings in which the current affairs and problems of the school have been discussed, and action often taken to accomplish something. All these have only sufficed to prove the interest of the society in the school in general.

CIRCULUS INTIMUS

Those students who have taken Latin for the last three or four years have realized the need for some organized action on their part to accomplish at least a portion of their ideals. Under the capable leadership of Miss Boyd, these hopes have materialized in the Circulus Intimus, composed of students from the Junior and Senior classes.

More has been done toward a broader understanding of the present and Roman era. Programs and services on the part of its members have heightened interest in the study of the flower of Latin literature. Consequently Latin students unconsciously have grown to appreciate to a greater extent at least one of their studies—Latin.

EL CIRCULO ADELANTE

The purpose of El Circulo Adelante was to make the Spanish language better appreciated among the students, by offering all the things that class time would not allow. The meetings were all conducted in Spanish, giving the students a chance to speak fluently. A fine was levied on the students who spoke in English during the club meetings.

The members were restricted to third year students, making the total number of members thirteen.

Programs were planned and carried out by the students themselves. At each meeting there were songs, games, and short plays. Two socials were held, one indoor weiner roast, where the weiners were cooked on an electric stove, with lots of date loaf and penuche with them; an outdoor roast, with weiners, sour pickles, potato chips and soda pop.

THE BEARCAT BAND

If music and pep have been needed this year, the Bearcat Band has always furnished it. In this organization there are about thirty members who practice twice a week.

They have helped to supply the extra man on the football and basketball teams, accompanying the football boys to Denton and playing for all home games. The Band which co-operates with every school activity presented a chapel program for the benefit of the Athenian.

Billy Collins and George Smith are the school buglers while Ballard Jared and Bobby Bullock were heralds in the Coronation of the Queen.

Most of the boys are members of the Sherman Municipal Band which won second place in the State Band Contest held at the State Fair, an honor much to be coveted. This year, the Bearcat Band is rated as one of the best in state high school circles.

Needless to say, such an organization must have a capable head. This is the director, Mr. C. C. Shell, who is a real sport and friend to each boy.

THE CHORAL CLUB

"Music hath the power to charm, the savage beast, and man." Someway, old adages have the tendency to always come to your mind when you begin associating facts. This old saying may well be applied to the Choral Club. It even has the power to make students minds stray from their books when they are practicing the seventh period, three times a week.

The club, with Miss Emmetta Altman's help, presented "Lady Frances," an operetta, in chapel in order to secure funds to attend the annual music contest in Denton.

The Sherman Choral Club was not so successful this year in Denton. They were not selected for finals—but gained knowledge by listening to other more experienced clubs. All the girls had a lovely time, and many have decided their college days will be spent at C. I. A.

The girls of the Choral Club are very grateful for the time and patience spent by Miss Altman in training them. Much credit is due to her, and to Doris Matlock, accompanist.

THE HOME ECONOMICS CLUB

The main purpose of this club is to stimulate interest in the Home Economics Department. This club helps by making the field of Home Economics interesting, and, not the courses.

Girls taking this course of study become more enthusiastic about their work by belonging to this club. They become familiar with different phases of Home Economics, a course which every girl should take before leaving high school. A better social relation between girls of this department is gained.

Meetings are called regularly every two weeks, varied with beneficial programs. This year a very attractive pin has been offered, carrying the picture of a spinning wheel.

THE DRAMATIC CLUB

Could one ever sum up the splendid things accomplished by the Dramatic Club of 1930? It certainly kept up the good record established by that organization of the preceding year.

It took work to make that club a success and put all those plays over. However, it has received the co-operation of all the members and they found themselves having a good time throughout it all, work as well as play.

The Dramatic Club's first play was a clever one-act scene of college life. The cast included: Joe Holt, Elizabeth Veazey, Glenn Hunter, and Willie Marie Gilley.

The huge success of the club was due, not only to the interest, enthusiasm, and co-operation of the members, but to the hard work and capability of the sponsor, Miss Wilda Henderson.

THE WHAT NEXT? CLUB

The organization of the What Next? Club was the answer to every Senior girl's dream. From the beginning of her high school days, she had looked forward to that time when she might become a member of that social organization.

Fun, pep, energy, ideas, ideals, all were rolled into one club when the enthusiastic Seniors organized with the sole purpose of becoming better acquainted with each other. A little golden rule was an imbedded principle with them. "Help your Senior sister, as you would have her help you." With this idea in mind, it is no wonder that they always had a cheery hello for everyone. The aim of better acquaintance was accomplished before the year was over.

The success of the club would have been small, indeed, had it not had for its friends and co-workers, Miss Retus Farlow and Miss Grace McKown.

DEBATE

Up to the time of the County Meet, the boys' debating team had engaged in a total of 18 debates, 13 of which had been decision contests, and had not lost a single one. Twelve of these thirteen decisions were by a unanimous vote of the judges. After making this sort of record, they had the hard luck of losing to Denison for the County Championship.

To the time of the printing of this book, the girls' debating team had made an enviable record. This team had engaged in a total of 20 debates, decisions rendered in 10 of them, with the Sherman High Girls winning nine of these decisions. They won the County Championship by defeating Denison by a 3-0 decision, winning also the District Championship.

Mr. Hilliard, the most able and hardest working coach a team could possibly have, as usual, succeeded in organizing the strongest case for either side of the question which can be met in the State race. As a debate coach, he knows evry part of his work thoroughly, being able to not only form the best arguments, but also to train his debaters to speak in the true debating style.

THE STUDENT COUNCIL

This year, for the first time in the history of Sherman High, a form of student government has been inaugurated. Under the guidance of Mr. Speer, a Student Council organization has materialized, composed of an executive council and a representative council, the former being made up of one representative from each of the four classes, a representative from the Honor Society, Hi-Y, and the S. Association, together with the Student President; the latter body composed of delegates from each home room section. The Student President, Ted Hilger, was elected by popular vote of the student body.

The purpose of the Council is: to foster sentiment for law and order; promote general welfare of the school; to provide opportunity for student co-operation in the internal government of the school. This is one step of progress in our school, and we hope to make it a great success.

THE SCIENCE CLUB

Along with the many other progressive steps taken by students and teachers this year was the organizing of a Science Club to take in every class of science work. Mr. Moody, head of the Science Department, acted as sponsor, and it was due to his efforts that the Club has been the interesting and educational influence it has. At the initial meeting, Ted Hilger was elected President. At each meeting programs were arranged on different scientific subjects. Many of these were worked out by the members themselves, while a few were given by visitors. Much promise is given for a lively Club in future years.

THE INDUSTRIAL ARTS CLUB

Another club was formed this year, the Industrial Arts Club, which has proved one of the most active organizations in school. With Mr. Cullers as Sponsor, all boys interested in, or taking courses in industrial arts, banded together to bring about more enthusiasm in their work. The Club has enjoyed fishing trips, weiner roasts, and excursions to neighboring cities to visit the manufacturing plants.

23. GRADUATION!

ATHLETICS

YELL LEADERS

Besides having a pep squad with willing, enthusiastic workers, it is imperative to have efficient leaders. This year the squad has had leaders with such qualifications. With the capable help of Miss Wheat, good order and management was maintained.

This is Julia's third year as leader, and a good one she has been. She has the ability to co-operate with the other leaders and the squad, that is the main factor in determining a leader.

J. D. has put in his second year as leader, a most successful one. It was he who did all the "heavy work," making himself heard when the voices of the girls could not.

This is Erline's first year to be director of yells. She will be back with us next year to make an even better leader.

Mary Ellen will not be here to preside next year, a most regrettable fact; but she will make a most capable leader in college.

JULIA GRINNELL

Bearcat Sponsor

Verde Dickey, Coach | George Blair, Assistant Coach | J. R. Moody, Business Manager

ATHLETICS

This is a day in which the coach is as essential to a successful season as good football material is. An army without a definite head in the form of a general is automatically transformed into a mob; so it would be with a football squad. As has been shown by the season's results, the co-operation between coaches and players was present throughout the duration of this period of play.

Taking into consideration the fact that Coach Dickey made this his first year as head mentor for the Sherman High School football and basketball teams, one would expect only a fairly successful season in each. Despite this fact, Dickey has more than passed the goal and expectation of the interested onlookers, making it fully as successful as most of the seasons in the yast when the coach had been associated wit his men, and assured of good material. That Mr. Dickey is a go-getter is evident; he has the confidence of everyone associated with this institution.

Mr. Blair, like Coach Dickey, an old Sherman High and Austin College star, made this year the time of his initial appearance in high school football coaching work. As an assistant and line coach, those who know him (and who in Sherman doesn't?) feel assured that he ranks first rate. He and Mr. Dickey together have built up a machine that would make any high school proud.

As for Mr. Moody, well known as "Governor Dan," everyone knows his ability, for which praise in this section is the least thing that could be awarded it. He has willingly and most successfully given everything he has in the efficient promotion of sports in this school. Under his supervision has appeared the extensive sale of season tickets, saving the money of the student, making a greater proceed for the athletic fund, and gaining more enthusiasm and support of our players. More power to him!

FOOTBALL SQUAD

The way in which the boys came out and worked this season was most commendable. Although the Bearkitten squad was discontinued before it had barely been started, the boys who really wanted to learn to play football continued to work as hard on the main squad. It is just such a spirit that enabled the team to make the success of the season that it did.

Though we were beaten by two teams and tied by one, the spirit of the players was unbroken. The first conference game, and the first defeat of the year was playd with Sulphur Springs. Despite this early and demoralizing loss the team continued to work as though nothing had happened adversely. Later on in season, when they were playing Denton, everyone but the boys on the team were seriously doubtful of victory. Sally Myers was out of play on account of the flu, but the Bearcats outplayed and outfought the Broncoes· quite contrary to what the score shows.

The last game, but not the least, in any respects, was the game with Denison, who had held Sulphur Springs to a 0-0 tie, while we had been beaten only the week before by a 32-6 count. The Bearcats had the fight, which was really shown this time by the score, which, by the way, just for emphasis, was 32-0. That in itself put the satisfaction of everyone, except Denison, on its highest level.

Prospects for an even better season next year are bright with excellent possibilities. The new men on the team this year, and those having more experience who will be back next year are what makes things look as bright as they do. It will, we venture to say, be more interesting to old students of Sherman High, who are away, to follow the progress of the team of '30 on its path to championship.

SHERMAN, 19; WAXAHACHIE, 0

In the initial game of the football season the Bearcats joyfully surprised the Sherman fans with a 17-0 victory over the Waxahachie Indians. One of the remarkable things of the game was the way in which the Cats executed their plays. This was greatly added to by precision of action and the absence of fumbles. In short, the ferocious Cats completely whipped the wily savages, scalped them, and sent them back to their tepee in a meeker mood than that of their departure from same.

Fans got a good laugh out of this game because it was *one* time that the Indians did not "do it with their little hatchets."

SHERMAN, 7; McKINNEY, 7

McKinney boasts of a strong eleven, but so does Sherman. Both were determined to make good these declarations; the result was a 7-7 tie. Due to the many breaks of the game, this contest was the "thrilliest" one experienced thus far in the season. Although the Red and White were somewhat disappointed at the loss of half a game by the tie, they went home from McKinney with the satisfaction that they had seen one of the best and most interesting games they could expect under the circumstances.

COACH DICKEY

This is Mr. Dickey's first year with the Bearcats as head coach, but there is no one whom the boys love and respect more than him. Moreover, our season was highly successful. What more can we say for our coach?

We were glad to know that our new coach was also an old Sherman High student. He, too, has unconsciously won the hearts of all his associates here.

TRACK COACH FOWLER

Coach Fowler is one of those indispensable men, who is always willing to help, and somehow always knows what to do. His ability as a track coach is shown by his team.

WELDON DUNN, MANAGER

All praise to "Fatso" Longfellow, for his real service to our team. He deserves all the credit due an excellent manager.

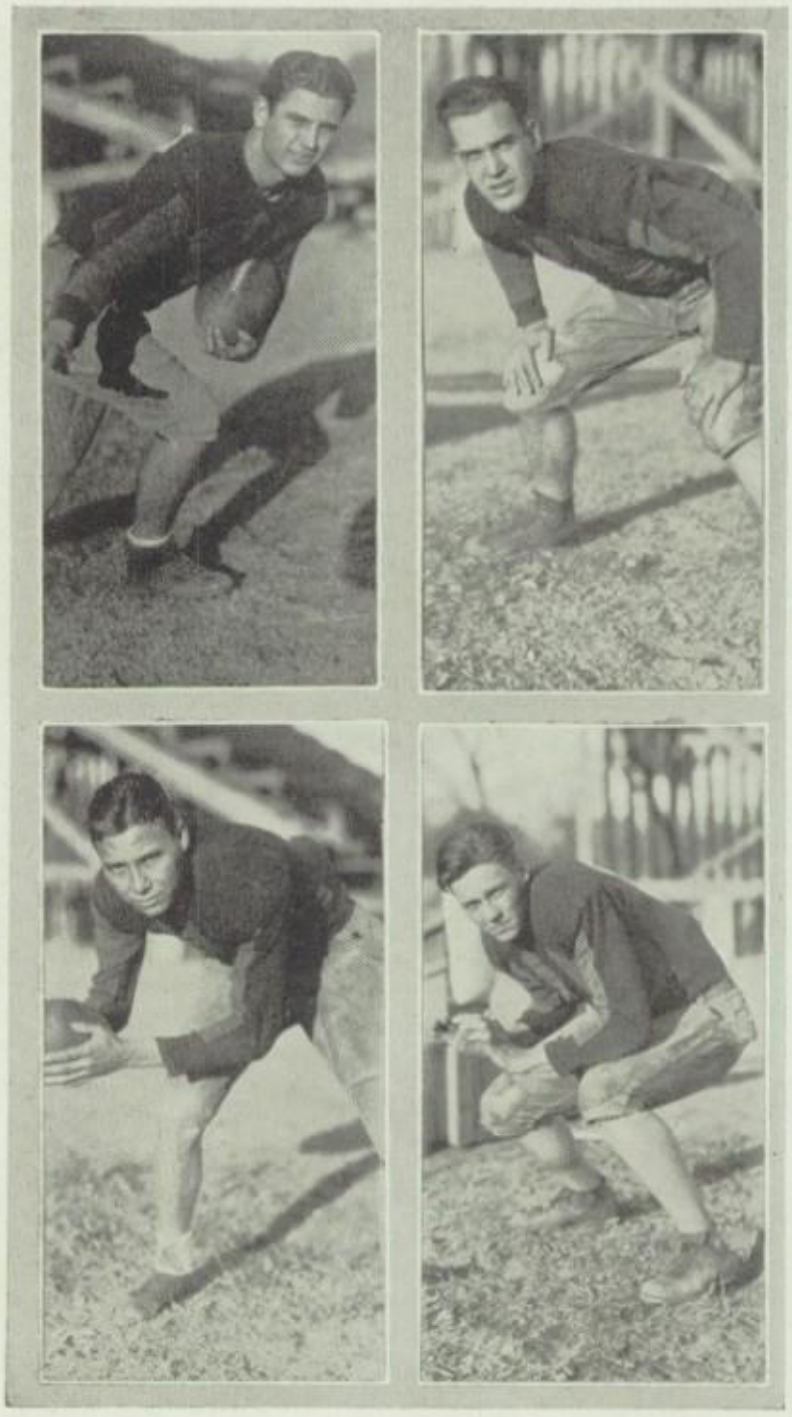
SHERMAN, 18; MARSHALL, 7

Quite to the surprise of everyone, the outcome of the Bearcat-Maverick game was decidedly in favor of the former, the Cats outclassing the Cows in every department of play, despite the odds of a heavier and more experienced team. This engagement was especially noted for its excess of thrills for the interested audience.

We are told that when "Lefty" caught that fumble and sprinted 95 yards for a touchdown, so loud and long was the applause that to the unknowing it would have seemed as though all the fans were from Sherman. This particular incident was not the only bright spot in the game, for both teams had many excellent players, the most noteworthy of the opposition's being Captain Scott, who made their only score by a brilliant 80-yard run for a touchdown. Sherman Hi students will long remember the wonderful showing which the Bearcats made in the game dedicated to one called from their number by the inevitable.

SHERMAN, 46; ARDMORE, 0

There is nothing remarkable in the one-sided score made by our Cats against the Oklahomans when our superior brand of play has been taken into consideration. The Bearcats literally made a race track of the field, outclassing the opposition in every line of the game. It was just another mark indicative of the strength of the Bearcats.



WILEY GRINNELL, Co-Captain

Captain Grinnell, besides leading his team-mates in season scoring, proved himself worthy of leading a Red and White team by his success as field captain. Success to "Grinney."

FRANK McCONNELL

Although "Hog" was forced to give up his playing immediately before the Sulphur Springs game, he did it like he played football, like the man he is. He is the kind the world admires.

L. J. SOLLIS

"Lefty" is the boy with the lucky rabbit hind legs. Running like this little "animule" is Lefty's favorite fruit. We could always count on him for any necessary yardage.

TRUETT OWENS

Truett was always a thorn in opponent's sides when it came to playing this position. He and Casteel have the same qualifications for a good pair of tackles.

SHERMAN, 59; PARIS, 0

The Armistice Day game with Paris was a clean sweep for the locals. The boys from Gay Paree lived up to their usual reputation of losing to the hard-playing Bears. The game had no real excitement, but an interesting incident occurred in that "Bud" Burton, our 85-pound backfield midget, showed himself to be a real player, and "worth his weight in gold" to the squad.

SHERMAN, 7; DENTON, 13

It was in this game that the Bearcats received their second defeat of the season, at the hands of the powerful Denton eleven, the eventual District 5 champs. The Cats put up a strong game, making the initial score of the game, but were unable to put over further markers, although scoring distance was reached several times. This inability to score must probably be attributed to the fact that Myers was forced to remain at home on account of the "flu." However, Sherman played the better brand of football, and was the most consistent ground gainer, outpassing, outrunning, and outskirting the Denton squad. More ground was gained at passing and the number of first downs for both teams were 18 for Sherman and 15 for Denton. Nevertheless, we were not regretful for not having won; had we done so, we would have advance no higher and would only served to decisively put Denton out of the race.

HAROLD COOK

"Cookie's" raisins are there when it comes to playing that guard position. Someone of our opponents said that he was a "bear" and that they "barely" were alive after the game. That's how he can play.

ROBERT HARRISON

This is "Jew's" second year to letter with the Bearcats. A letter is the least that can be given for such services as he put forth last season, and we are grateful to him for his work and fight.

LESTER TRIBBLE

There was no other player on the team who had more ability and fight than Lester. He had to take some long strides to fill Joe Love's place, but he succeeded in making a crack center.

DEL McMILLAN

Del was another of the faithful workers for the Bearcats. He had one of the most difficult positions to fill; that he did well.

SHERMAN, 6; SULPHUR SPRINGS, 32

Our first conference game of the season left the entire Bearcat delegation in a state of dubiousness and discouragement because of the overwhelming score piled up against the home team. But only for a moment . . . . Sherman Hi and her adherents "snapped out of it" in a surprisingly short time and resolved to win the next time. Although weakened perceptibly by the loss of Frank McConnell and the subsequent shifting of several players to new positions, the Bearcats, backed up by a fighting band and pep squad, put up a battle against the opposition which should never be forgotten by those who saw the game. Although a game was lost, none of that well-known Sherman High School fight disappeared.

SHERMAN, 33; MADILL, 0

This game was played during the Fair Week, and furnished plenty of thrills for onlookers despite the unbalanced score. This time our friends from Oklahoma had somewhat better luck than did their fellows from the same state. However, the story, as far as the final issue is concerned, is much the same as the foregoing one . . . . the Bearcats won with seemingly little opposition.

ROBERT BOAZ

Jack is a little man, but he is hard and fast, and has the intestinal fortitude to hit the most menacing of lines. What is more, he was very consistent in his playing, and that makes a player.

ROY STOTTS

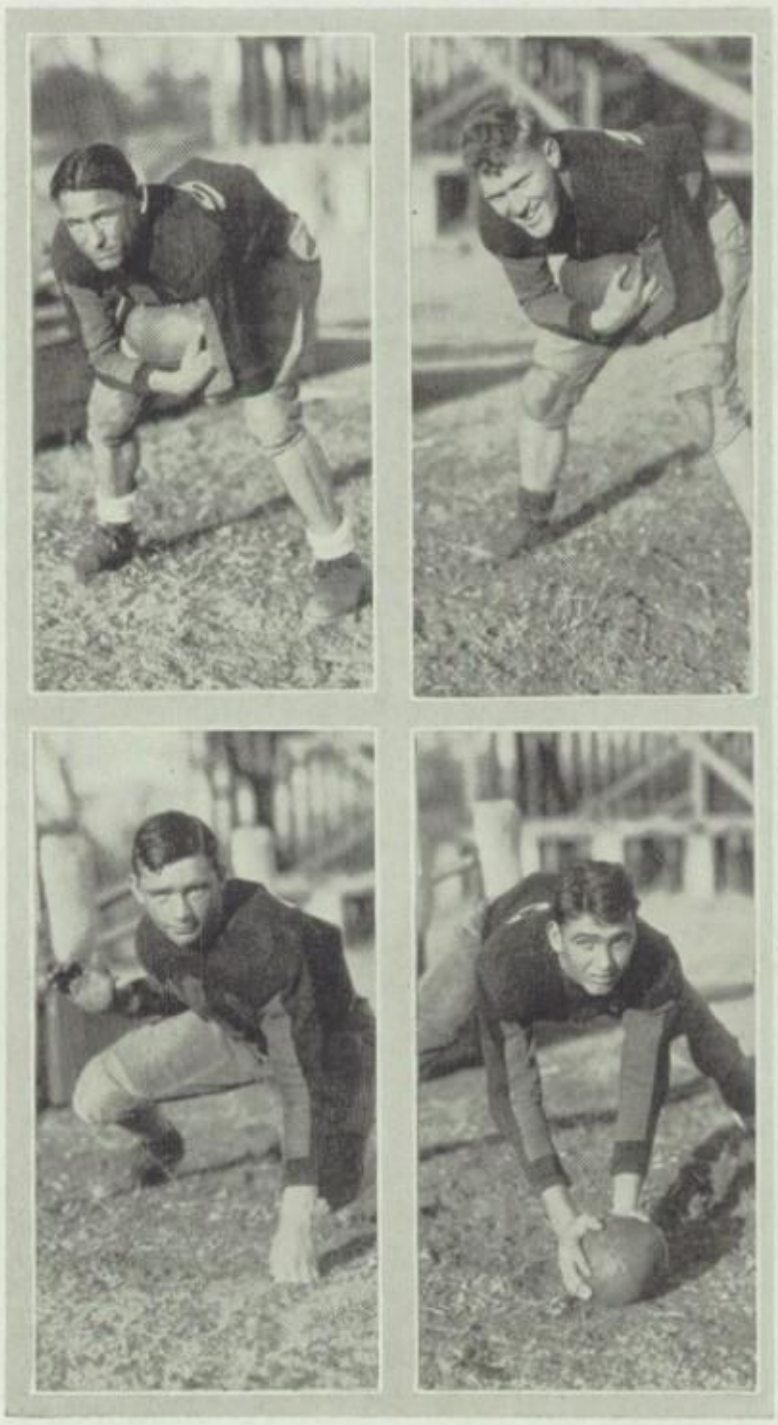
Roy showed Marshall what a hard-hitting, determined back could do to a big bunch of beef. What is more, he showed everybody how to do things in every game he played in. Good luck, in the future, Fair-Hair.

DILLARD WILKERSON

As a guard, Dillard is a big success; it seems as though he were absolutely built for the position. He is in line for a good guard in the future. Good luck, "Dill."

ELMER FORTNER

We might apply the term "Gold Dust Twins" to Fortner and Tribble. What's more, everything they did for the Bearcats was so good that we had two lettered centers this year.



SHERMAN, 58; GAINESVILLE, 0

After the previous week's defeat, the red and white delegation were greatly encouraged to see the Bearcats whip a team that had held Denison to a scoreless tie by an astounding score. Here it might be said that on that same week-end Shermanites saw the Denison aggregation hold the mighty Sulphur Springs team to a 0-0 tie. Everywhere throughout the ensuing week could be heard the optimisms of those hopeful of a district championship, even in the face of one defeat.

SHERMAN, 14; WICHITA FALLS, 0

The smallest score made by the Cats thus far in the season was brought about as a result of quite a number of fumbles by several members of the team. Sherman High fans overlooked this fault as being thrust in the background by the otherwise splendid play of the home team. Wichita Falls invaded Sherman with a strong force of supporters and a classy team, and the way in which they put forth effort and fight is most commendable, but, thanks to the redoubtable Bearcats, this sudden surge was straightway "squelched." Needless to say, the result was a one-sided score in favor of the fighty Bearcats.

LESTER PIERCE

Lester was named on the all-state team by a Denton editor, as guard, and although Lester thinks that person had poor taste, we agree with said editor.

CALVIN CASTEEL

The hard position of the line game was most capably held down by "Cal" this year. He is one of the biggest boys on the club, and has as much fight and ability.

ANDY OLSEN

Andy is the boy who played a wonderful game at end this year. When "Hog" went out via bad luck, everybody was satisfied by the fact that there was left Andy. He certainly deserved his honors.

JACK SANDELL

Although Jack is only a Fish, he demonstrated his football ability by making his letter. During his next three years for old Sherman High, great things are expected of him, and he will live up to them.

"Jack Sandell"

SHERMAN 32 ! ! ! DENISON 0 ! ! !

The annual, or rather, eternal, argument between Sherman and Denison was settled on Turkey Day in Denison; the Bearcats had the more convincing argument . . . . decidedly so. That is all the comment necessary, for S. H. S. students can never forget what occurred on that memorable, happy Thanksgiving Day.

GRADY RUSSELL, Co-Captain

Captain Russell is seemingly able to play any place on the line; at least he exhibited such when he was shifted from guard to end. This all-district man is probably not yet forgotten by Denton and Denison.

RAYMOND MYERS

When it comes to running rings around the best, Sally leads them all. If this seems improbable to anyone, he did not see that McKinney and that Denton game. Thass all.

GEORGE MITCHELL

When the spheriod comes "Mitche's" way, count on it being soon tucked safely away in his arms. All hail to our capable co-captain-elect.

J. C. COKER

A bullet is little, but it is compact, and it can actually travel. The bullet has nothing on Coker though. Because of his ability and personality, he has been elected next year's co-captain.

BOYS' BASKETBALL

At the beginning of this basketball season it was most imperative that student support of the team be manifested. At this time a number of games were played without an admission fee.

Because of a number of defeats at the beginning of the season a portion of the student body had doubts as to the success of the team. The first most notable defeat was received from Tyler by a large score. In the event of these defeats, fear was held for the success of the season ticket sales campaign. However, enough enthusiasm was aroused at the last of the season to atone for the former lax attitude.

Last, but not least, let us mention the fine spirit of co-operation and fight shown by our boys in their play. It was this spirit primarily that brought them through a successful season.

LETTER MEN

Grady, the captain, was fully as good as Grady, the player. We were already familiar with what he could do in the line of basketball playing. This year he demonstrated his leadership in that he guided the team to a marked success.

Vick has won his spurs by his splendid showing in the game this year. The fact that he will probably be with the team again next year is reassuring to the students who will be down here next year.

We are sorry to say, however, that this is Elmer's last year with the Bearcats; his exceptional playing will be greatly needed and missed next year. Lucky will be the college that receives him.

Rodger, like many of the boys on this team, has had no previous experience in playing, and it is a great tribute to him to have made a letter in his first year out.

In Lefty no one was the least bit surprised. He is as quick and sure on the basketball court as he is on the girdiron. When Lefty was in the game the stands were always startled by his wonderful left-handed dribbling and one-hand shots. So were his opponents.

George, like Sollis and Russell, was another assurance to the interested sports lover of Sherman High. He has no superior in this line of sports; he will make an excellent captain next season.

Captain Russell | Vick | Fortner | Riddle | Sollis | Mitchell

TRACK

After a period of intensive training, the track squad, despite a great lack for seasoned players, went to the County Meet with a sincere determination to win the meet. As a result we came out extraordinarily well in that contest. Places won were as follows: Second place, high hurdles, Robert Claunch; second place, low hurdles, Norman Apple; third place, low hurdles, Robert Claunch; first place, high jump, Eldon Simmons; second, shot put, Grady Russell; third, pole vault, Eldon Simmons; fourth, pole vault, Charles Duval; third, 440 yard dash, Andy Olsen; third, javelin thow, Grady Russell; fourth, discus throw, Lloyd Collins.

In "Gay Paree" at the District Meet, first place was won in the high jump, a new record being set by the jump, and fourth places in the mile and in the pole vault.

Captain, L. J. Sollis; Manager, Frank McConnell; Coach, Fowler.
Top Row—Fowler, Coach; Cox, Olsen, Gage, Collins, Dederick, Melton, Sollis, Russell, Simmons, Davis.
Second Row—Smith, Way, Parker, Duval, Graham, Edwards, Taylor.
Bottom Row—Jay, Snow, McElvain, Blankenship, Emerton, Claunch.

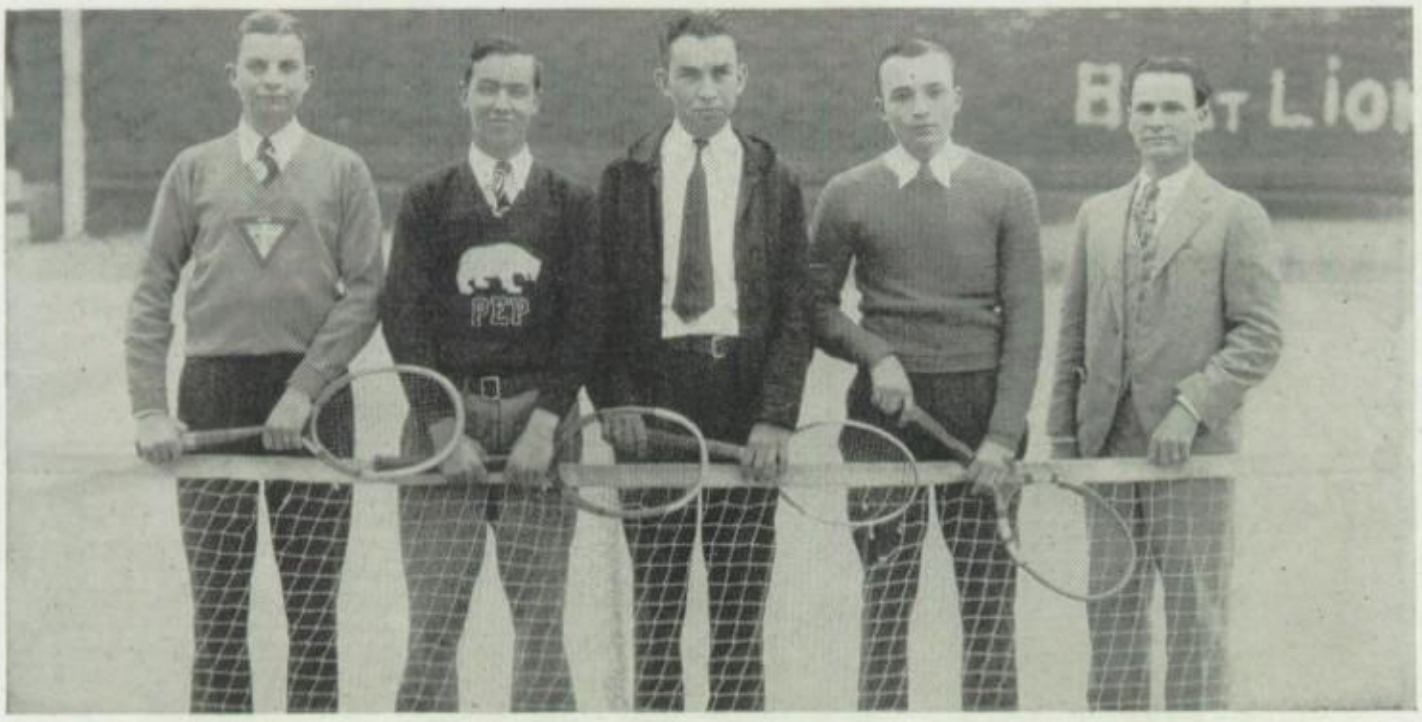
BOYS' TENNIS

This year, as never before, has the student body realized the importance of having a tennis team. Due to repeated losses in the recent seasons, this branch of athletics has fast fallen into obscurity.

The thing essential for a reawakening of student interest was a noticeable victory. This materialized this year in the County Meet. Hal Moody, representative in singles, skillfully defeated the Denison player, 6-3, 5-7, 7-5; and the doubles team, Hal and Billy de Mark, easily won their matches. **At the District Meet held at Paris, April 11, 12, the boys doubles and aingles won first places. In both singles and doubles the boys won the bi-district also, and at the time this book is going to press they are at the state meet at Austin.**

These boys, who have gone into their work with all the interest and zeal in them, deserve every credit possible for this success. Gratitude on the part of our student body is not lacking, however. In any future contest, even as in this one, any representatve of the Red and White will receive the utmost gratitude and honor.

Billy Meredith Hal Moody Billy Van de Mark Joe Holt Mr. Paul Brown, Coach



GIRLS' BASKETBALL

With the victories of last year fresh in mind, the basketball girls of 1930 plunged into practice with that fighting spirit for which they are noted. The larger portion of the season was spent in contests with local teams, most of which were vanquished.

However, the most important thing in the year for the girls was the A. A. U. Meet held at Celeste, in which girls from over the entire State of Texas participated. The girls lost the first game they played to the South Bosque team by a large score. This did not daunt our girls. They re-entered the fray with the intention to come out victorious. Though they were determined with all their hearts to win, they played with the utmost care for good sportmanship. As a result the prize for the team with the best personality was awarded to our girls. Sherman High is exceedingly proud of these fair warriors.

Captain, Georgia Tomlinson; Manager, Lina Mae Walker; Coach, Frances Wheat.
Top Row—Lankford, Dodson, Tomlinson, Dederick, Paradeaux, Cook, Dilden, Payne, Jones.
Second Row—Gibson, Walker, Parson, Lawson, Teague, Nunley, Reynolds, Morgan, Taylor.
Bottom Row—Spraggins, Coach Wheat, Russell.

GEORGIA TOMLINSON, Captain

All the girls love Georgia as a sister; they respect her ability as a captain. That is the greatest tribute possible for any leader.

LOIS LANKFORD

This is Lois' last year on the Bearkettes' machine, and Sherman High realizes fully the loss of one of the team's best players.

MAGDALEN DEDERICK

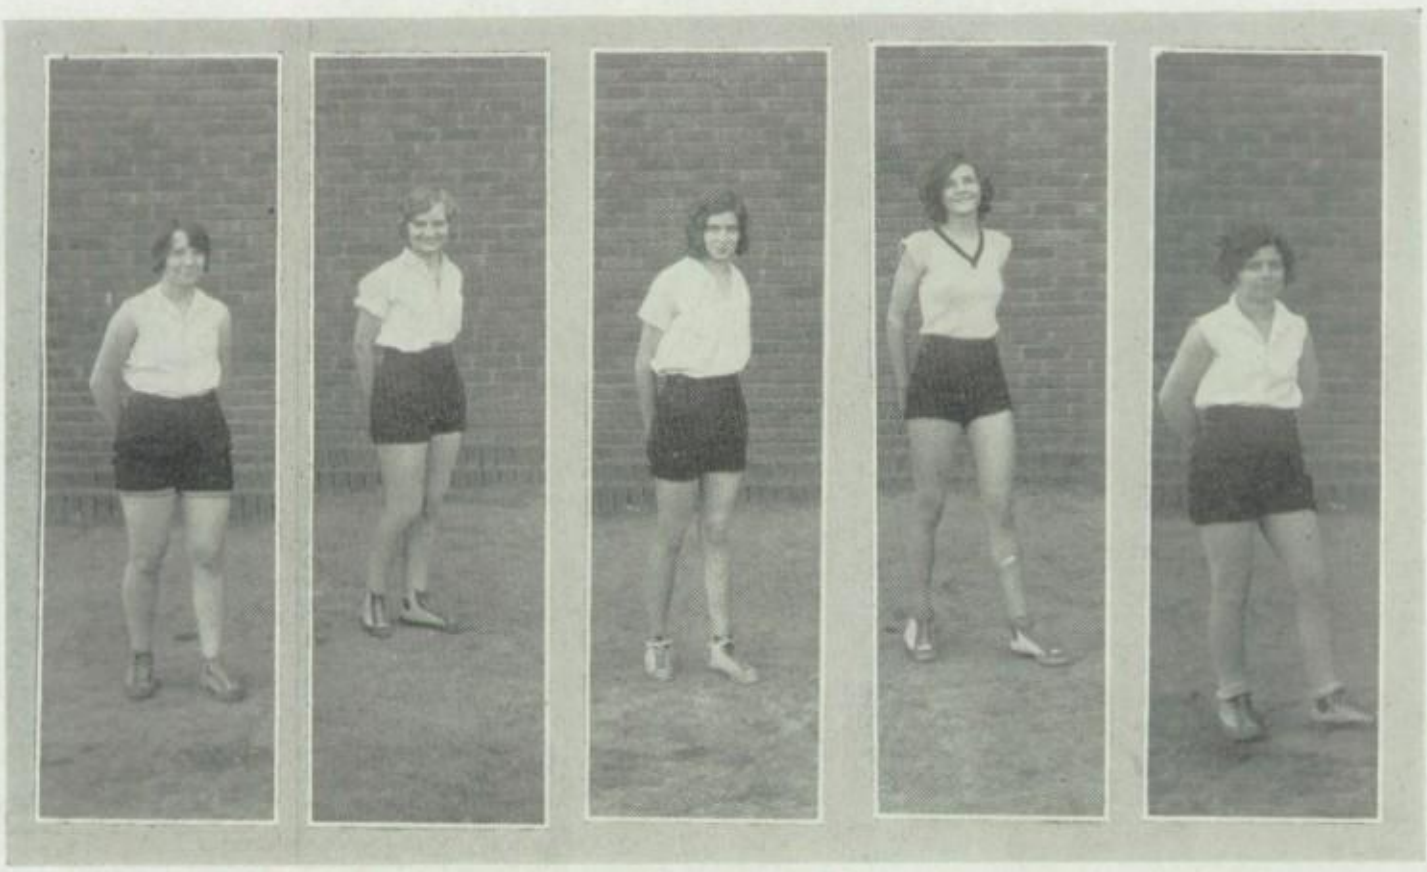
This girl has the coveted height so essential for a basketball success. This only enhances her ability, which is unusual.

LOUISE PARADEAUX

Louise, the crack center, has the distinction of being "looked up to" by all the rest of the girls, both literally and figuratively.

HAZEL NUNLEY

"Babe," as she is called by her sister players, deceives opponents both by her looks and name. If you don't believe this, ask the Co-eds.



HAZEL PAYNE

What ho! Another blonde. She is, furthermore, worth her weight in that precious metal which her hair matches in color.

DORIS DILDEN

The Dilden family wasn't blessed with only one athlete in its ranks. Doris has proven herself as capable in her class as her brother was in his, which is a great deal.

GAIL JONES

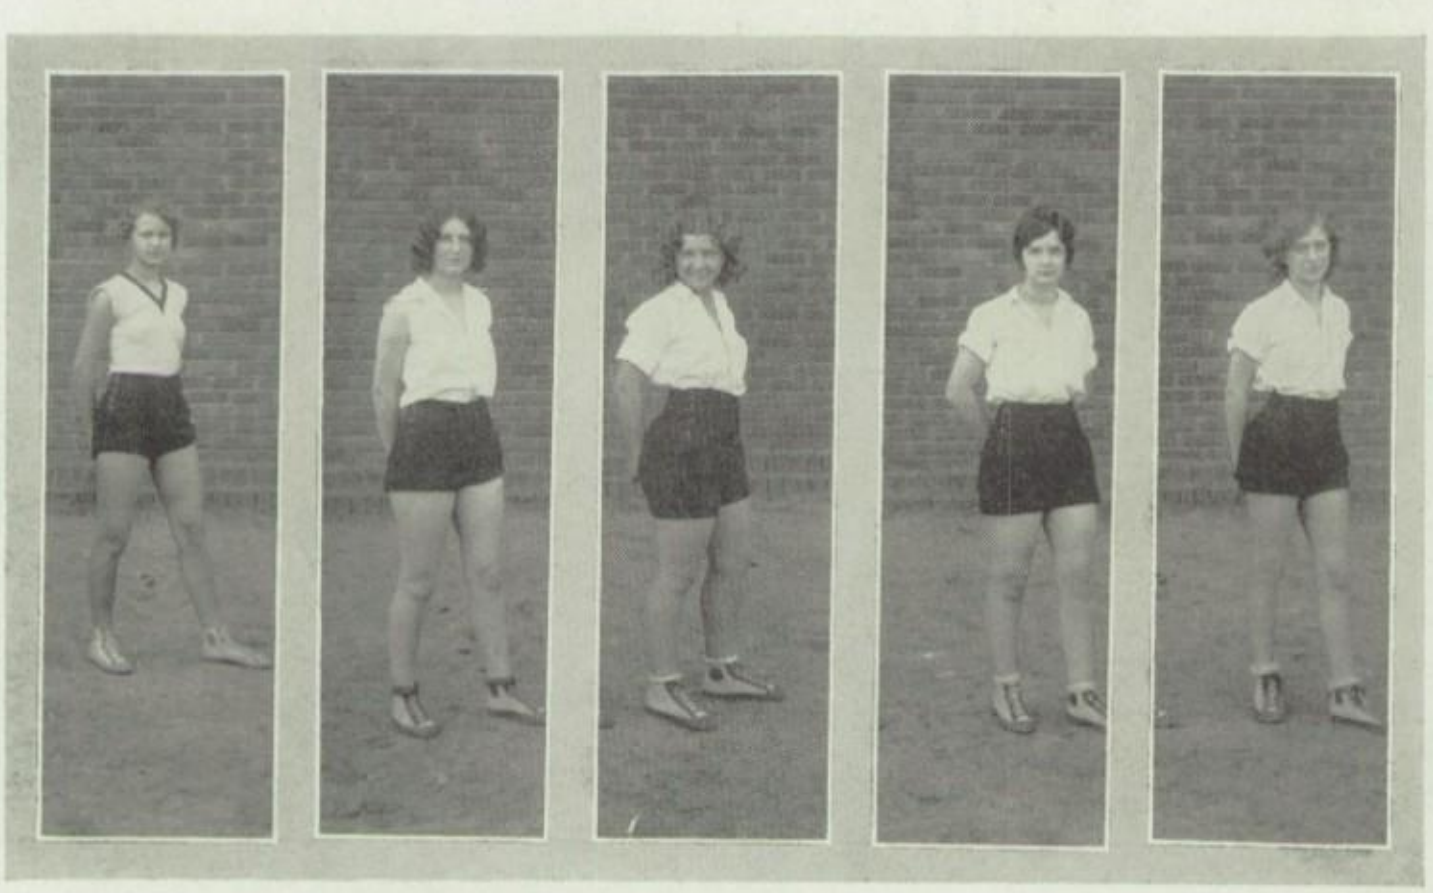
Gail wasn't "Gail" but "gale" to her opponents, for she was as hard to handle on the court as a cyclone.

MARY DODSON

Marys experience was one of the factors which helped make our team this year what it was. She knows her basketball.

MARJORIE MORGAN

Marjorie is unexcelled when it comes to precision and speed on the field of battle. Prospects for a successful season next term are apparent.



GIRLS' TENNIS

The choosing of the two teams in girls' tennis this year was a difficult one; nobody could have definitely picked out the representative at the beginning of the season. Since the race was so unsure and close, every candidate did her best to accomplish the winning of the coveted position.

Of course, no such conscientious efforts are without reward; in the county match for the first time in the memory of the oldest members of the senior class both teams won from Denison. Denison's team was not weak; Margaret Jefferson and Elizabeth Campbell were too much for them. Merle Sterling easily beat her opponent in the singles match. The school is expecting great things of both teams.

In the District Meet Margaret Jefferson and Elizabeth Campbell won first in doubles, with Merle Sterling winnng second in singles.

Although this was the big event of the year, no one was surprised at this eventual success, for these teams had decisively beaten previous opponents. Austin College was swamped; North Dallas was severely beaten in the doubles contest. This is not boasting, just evidence of the teams' ability.

Alberta Eubank, Margaret Jefferson, Doris Matlock, Merle Sterling, Frankie Medearis, Elizabeth Campbell, Almarie Morris, Miss Noble, Coach.

HUMOR AND ADS

STUDENTS!

Now, you are about to look through the most important section of this book. The success of it depends upon this section. Without this division, the cost would be twice as much. Remember, the larger this section, the smaller the cost of this book for you.

The business management wishes that you support these advertisers, because they are supporting you. They help you in the best, and only way they can, advertising in your year book, so return the good deed.

Buy your goods from these advertisers, and let them know you saw their advertisement in THE ATHENIAN.

Help these merchants in every way possible. They will show their appreciation of it, and it will make things easier for our representatives in future years.

THE CONSOLIDATED COLLEGE STAYS IN SHERMAN

The fact that the Presbyterians of Texas have demonstrated their faith in Sherman and the future of their College here should mean much to Sherman and this section of Texas. The consolidation of the colleges here means permanence. It means growth and strength —gradual, no doubt, but sure. It means an institution of which all will be proud—those who send their children, as well as the students themselves.

The cooperation with Kidd-Key Conservatory completes the circle, and makes an educational opportunity for Sherman students that cannot be surpassed in Texas or the Southwest.

Plan now for the Summer Session—and also for the 82nd session which opens September 10, 1930.

SCENES FROM THE LUNCH ROOM

There was a boy in the lunch room,
And he was, oh, so wise,
He economized in buying books,
And spent his cash for pies.

There was a girl in the lunch room,
And she was not so dumb,
She'd grab into many a toothsome dish
And carry it off on her thumb.

There was a boy in the lunch room,
And he was broad of girth,
He always forgot to get his change;
So he ate a quarter' worth.

There was a girl in the lunch room
Who stopped after every bite
To look at herself in her mirror,
And see if her rouge was on right.

There was a boy in the lunch room;
There was never a shout or whoop
That could drown out the noise he made
When he was eating soup.

WHAT CANDY DOES FOR THE BODY

The body needs candy. It is natural for one to crave sweets. The adolescent, or rapidly growing and maturing youth, seems to have an insatiable craving for candy. His body cries out for energy; and almost by instinct the youth seem to know that sweets will provide it. Their function is to provide the flame which gives the body heat and burns up the fats of the body, producing energy to perform labor.

Not a twitch or any group of our muscles, not a throb of our hearts, not a flash of our imaginations, but is produced by the combustion of our commonest sugar, glucose. The gas in the fuel tank of our human automobile is not gasoline or alcohol, but sugar sirup. Sugar furnishes our motive power

A SAP'S FABLE

Once upon a time there was—

A girl who possessed no compact.
A bellboy at a resort hotel who refused a tip.
A politician with an inferiority complex.
An opera singer who really made a farewell tour
A small boy who cried because his mother wouldn't wash his face.
A motorist who obeyed traffic regulations.
A traveling salesman who knew no funny stories.
A summer acquaintance who refrained from saying, "is it hot enough for you?"
A student who studied his lessons every night for a week.

Don't let 'em fool you. There's no relation between bumps and a swelled head.

The life of the average locomotive is about thirty years. Probably it would live longer if it did not smoke so much. Don't you think so?

Harold Taylor: "Say, Apple, hold this stop watch while I run around the track."
Norman Apple: "You don't need a stop watch, you need a calendar."

J. D. Cope: "How old are you?"
Jack Ball: "Seventeen."
J. D.: "When will you be eighteen?"
Jack: "My next birthday."

Who is this girl WHOOPEE that the boys are always calling after?

Mary Jamerson: "Why are your socks on wrong side out?"
Harry Barret: "My feet were hot, so I turned the hose on them."

Hayden Head: "What did you get on that quiz."
Harry Kolb: "Zero, but that's nothing for me!"

Mr. Dickey: "How old were you your last birthday?"
Franklin Morris: "I haven't had my last birthday yet."

Harry Kolb: "What comes after "G?"
Emory Reece: "Whiz, of course."

Ed Streun: "Do you serve lobsters in here?"
Waiter: "Yes, sir. What will you have?"

Hazel Nunley: "Do you believe that there are mermaids at the bottom of the sea?"
Raymond Smith: "Dunno, but there's usually a woman at the bottom of everything."

Mr. Moody: "What are you late for?"
R. G. Green: "Er—class, I suppose."

Mr. Washam: "Name five animals of the North Pole."
Joe Holt: Four polar bears and a seal."

OUR ATHENIAN STAFF????

Listen students, and ye shall laugh
About a joke—the Athenian Staff,
The bunch that always gets a pass,
The bunch that always cuts a class.
They never check a roll at all,
They never stay in study hall.
They loaf around from eight to four,
No more done than the day before;
There's lots of things they never do;
Now, you have the students' view.

Listen students, and ye shall see
What the staffmen think of thee:
A bunch that won't co-operate,
A bunch that don't appreciate.
You want an Athenian—yes you do;
You make us worry, rave and fret
For everything from you we get.
Now, who has the right to laugh,
The students—or The Athenian Staff?

—Mary Louise Wright & Co.

Billy Cox (in Latin): "The king flees."
Miss Mallard: "Wrong. Use the perfect form. Put a "has" in it."
Billy Cox: "The king has flees."
